STEP BY STEP INSTRUCTIONS

I'll Be Back Game

1. Settle on the bed. Tether your dog somewhere they can comfortably access their bed. Place treats onto the bed in a steady, predictable pattern until they come over to eat. Then pause, wait for them to look up at you and hold until they offer a sit. Reward between their paws on the bed.

2. Introduce "I'll be back". When they look back up at you, say "I'll be back", turn and walk to a spot in the same room. Place a treat down, then immediately return to your dog and reward between their paws on the bed.

3. Wait for them to finish eating and look back to you. Say "I'll be back" again, turn away and place another treat in a different spot. Return straight away and reward them on their bed. Continue repeating this until you have placed 10 treats around the room.

4. Release and find. Return to your puppy, untether them and let them go and find all 10 treats you have placed around the room.

YOU'VE GOT THIS!
